HDSP-2014

# Thank you for choosing Kopul.

Kopul HDMI splitters accept one HDMI input signal and direct it to multiple displays, so you can view your HD video source on two or more HD monitors or HDTV sets. Compliant with HDCP 1.2, this professional splitter supports Full HD, 3D, and 4K video, and LPCM, Dolby AC-3, DTS 7.1, and DSD audio. The splitter is easy to use and requires no setup beyond attaching your devices and the included power adapter. Its durable, heavy-duty metal housing is perfect for professional installations, but it is also appropriate for home use.

The splitters also feature an IR remote port, which is compatible with the optional Kopul HDS-IRKIT infrared transmitter and receiver kit. This kit extends normal IR capability, so you can wirelessly control your HDMI devices even when they are out of view or otherwise beyond the reach of your IR remote control.

Note: This splitter does not support HDMI with Ethernet.

## Precautions

- Please read and follow these instructions and keep this manual in a safe place.
- Keep this product away from water and moisture, any flammable gases or liquids, open flames, and heat sources such as radiators or stoves.
- Use only the correct, recommended voltage.
- Clean this product with only a soft, dry cloth.
- Do not install or place this product in a bookcase, built-in cabinet, or any other confined space. Ensure that this product is well ventilated.
- Unplug this product during lightning storms or before long periods of disuse.
- Do not walk on or pinch the power cord, especially at the plugs.
- Use only attachments and accessories recommended by the manufacturer.
- All photos are for illustrative purposes only.

## Plugging in and Setting Up

1. Use the included power adapter to connect the splitter to an AC power source.
2. Use an HDMI cable to connect a signal source to an available HDMI input on the splitter.
3. Use an HDMI Cable to connect an output from your splitter to an available HDMI input on your display device.

The status LEDs will glow green to indicate that the corresponding connections are live. To reset the connections, press the RESET button on the front of the splitter.

## One-Year Limited Warranty

This KOPUL product is warranted to the original purchaser to be free from defects in materials and workmanship under normal consumer use for a period of one (1) year from the original purchase date or thirty (30) days after replacement, whichever occurs later. The warranty provider's responsibility with respect to this limited warranty shall be limited solely to repair or replacement, at the provider's discretion, of any product that fails during normal use of this product in its intended manner and in its intended environment. Inoperability of the product or part(s) shall be determined by the warranty provider. If the product has been discontinued, the warranty provider reserves the right to replace it with a model of equivalent quality and function.

This warranty does not cover damage or defect caused by misuse, neglect, accident, alteration, abuse, improper installation or maintenance. EXCEPT AS PROVIDED HEREIN, THE WARRANTY PROVIDER MAKES NEITHER ANY EXPRESS WARRANTIES NOR ANY IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. This warranty provides you with specific legal rights, and you may also have additional rights that vary from state to state.

To obtain warranty coverage, contact the Kopul Customer Service Department to obtain a return merchandise authorization ("RMA") number, and return the defective product to Kopul along with the RMA number and proof of purchase. Shipment of the defective product is at the purchaser's own risk and expense.

For more information or to arrange service, visit [www.kopulcables.com](http://www.kopulcables.com) or call Customer Service at 212-594-2353.
