## Introduction

Congratulations on your purchase of the Angler Beauty Reflector!

The Angler Beauty Reflector is available in 16" (EG-49), 20" (EG-53), 22" (EG-55), and 27" (EG-50) versions. It features a neutral white reflector and mounts onto your strobe to reflect and diffuse light. This creates a shadowless effect that offers greater contrast and texture than a softbox or an umbrella. Because beauty reflectors produce a natural-looking catchlight, they are ideal for fashion and portrait photography.

Note: The Beauty Reflector requires the correct mounting adapter (sold separately) for attachment to your strobe.
