## Instructions

1. To unfold the 2nd tier, loosen the locking knob at the joint between the two parts of one arm and swing it open so that one part of the arm is at a 90° angle to the other part of the arm. Tighten the locking knob. Repeat for the other arm. **1**
2. Remove the end cap on one crossbar of your keyboard stand. **2**
3. Loosen the expansion lock at the bottom of one arm of the 2nd tier add-on.

4. Insert the expansion lock all the way into the crossbar tubing with the disc locking knob on the joint oriented toward the outside of the stand. **3**

5. Tighten the expansion lock until the arm is securely attached to the crossbar.
6. Repeat the process using the second arm of the 2nd tier add-on and the second crossbar of your stand with the locking knob positioned on the outside of the stand. **4**

The angle of the 2nd tier add-on can be adjusted by loosening the locking knobs and moving the upper part of the arm to the desired position.
