1. Tablet Overview

Kid Mode Overview

Parent Mode Overview

Touch Screen Basics

Tap the screen once to activate or open something.

Touch and hold to move an item by dragging.

**In many apps touch and hold can offer more options.*

Zooming: Double tap quickly to zoom into a webpage, picture, or map. Some apps allow you to zoom in and out by touching the screen with two fingers, and pinching them together.

TIP: You can flick the screen with your finger to quickly scroll through a long list, such as a library of music.

Tap a specific location on the screen where you would like to enter text. The on-screen keyboard will pop up, allowing you to type out your desired text.

Hide Keyboard

Tap **?123** for numbers and more punctuation. Then tap **~\{** for more symbols.

Touch and hold a letter for special characters.

The G-Sensor allows the tablet to detect screen rotation. You can view the home screen in either a landscape or portrait format as you use the apps. **Kid mode only functions in landscape format.**

Lock Screen

Slide the padlock icon circle to the unlocked padlock to unlock the screen.

Icon Glossary

Battery Level: The blue battery level indicator will decrease and change to red as the battery is drained.

Wi-Fi Signal: As the Wi-Fi signal strength decreases, the blue bands will change to grey.

Settings: Adjust your settings for Wi-Fi, screen brightness, security settings, language options, and more.

Menu: Tap to reveal settings and options.

2. Initial Setup

Charging

Fully charge your FunTab Pro for 6 hours before the first use.

Use the included wall charger and USB cable.

The battery indicator will show that your device is charging.

Note: Charging by the USB port on your computer will be slow. We recommend using the included wall charger.

Connecting to Wi-Fi®

Slide up from the clock and tap the settings icon.

Select Wi-Fi.

Choose your network and enter your password.

When connected, tap back.

If you accidentally exit Kid Mode during set-up, tap the Kid Mode icon on the desktop to resume initial setup.

User Setup

Tap "Get Started!"

Enter the e-mail and password you would like to use and tap save.

Add your child. You can add another child now, or later at any time by using the parent dashboard app.

Editing Available Apps

All apps will be available the first time you turn on the tablet.

To modify apps, tap Edit, or you can tap Save to skip and move on to the next step.

Uncheck the apps you want to remove by tapping in the check box, then tap save.

You can edit the available apps later by using the Parent Dashboard app and selecting Apps.

Turning on Child Lock

Tap "Turn on Child Lock."

Tap "Begin."

First, tap the check box. Then, tap "kid mode."

Choose which action is required to exit Kid Mode. Entering a 4 digit pin is the most secure option.

Use the Parent Dashboard to control the child lock features and to change the required action for exiting out of Kid Mode.

You can choose 3 levels of security:

Least Secure

Changing the Faceplate

The FunTab Pro features a removable faceplate allowing you to customize the colors to your personal style.

Begin by using the included tool to gently pry up the corner of the faceplate.

The faceplate has 10 locking pins and 10 sliding pins. Work your way around the tablet popping each pin out 1 by 1.

The faceplate is flexible but will break if bent too far.

Tips and Tricks/FAQs

Screen Brightness

In the settings tap Display.

Tap Brightness.

Use the slider to adjust the brightness. Then tap OK.

Tip: Lower the brightness at night to extend your battery life.

Volume Limiter

Kid Mode features a built-in volume limiter to prevent your child from listening to audio at excessive volume. Go to the Parent Dashboard app and tap Settings, then tap Maximum Volume to adjust the setting.

Apps won't install

In the settings app tap security. Be sure "Allow installation of non-Market apps" is checked.

You must allow installed apps to be accessed in Kid Mode. See the [Editing Available Apps](#) section.

Won't Connect to Computer

Try a different USB port on your computer and/or restarting your FunTab Pro.

The battery may be too low and the computer is not providing enough power by USB. Use the wall charger to charge your FunTab for 30 minutes then re-connect to the computer.

Tablet Freezes

Sometimes your FunTab may freeze.

The reset button is located on the top of the unit. Reset the device by pressing the button with a small object such as a paper clip.

Factory Restore

Select Backup & reset in the settings app to restore factory settings. This will erase all data on the tablet.
