Thank you for choosing Impact.

The Impact VPD-H3CSC Background Holder Hooks and Superclamps set holds three rolls of seamless background paper. With the additional purchase of the Impact Varidrive chain drive set and Varipole upright supports, you can change backgrounds quickly and conveniently by rolling up one background and then rolling down another, instead of replacing them individually.

The Impact VPD-H3CSC Background Holder Hooks and Superclamps set will enhance your shooting workflow, so you spend less time toiling and more time focusing on your subjects.

Warnings

- Please read and follow these instructions, and keep this manual in a safe place.

Assembly Instructions

1. Open the jaw of the superclamp by rotating the handle counterclockwise.

2. Fit the superclamp around the upper riser of the varipole, and rotate the handle of the superclamp clockwise to tighten.

3. Fit a washer onto each of the two hex screws, and then fit the hex screws through the topmost two holes in the triple hook.
4. Align the topmost holes in the triple hook with the threaded holes in the superclamp.

5. Use the supplied Allen wrench to tighten the hex screws.

6. Fit the plastic spacer into the bottom two holes of the triple hook. The concave shape of the plastic spacer should rest on the riser to help support the hooks.

Assembly Instructions

7. Repeat steps 1 through 6 for the second triple hook. Make sure the triple hooks are properly aligned with one another before proceeding.
8. Refer to your upright support equipment's user manual for how to mount the assembly to the ceiling. Be careful not to exceed the maximum load capacity.
