TP-20B
PopPod
Compact Tripod

Make a better picture with Magnus™ PopPod.

ADJUSTABLE

Smooth tilt & swivel ball head mount with locking lever for maximum rotation

EXTENDABLE

Telescoping slide-out legs add 7 total inches of height

SOLID

Constructed of durable aluminum composite materials

STEADY

Traction-enhancing Sure-Grip rubber tripod feet offer additional stability

LIGHTWEIGHT

Weighs just 2.9 ounces

PRODUCT INSTRUCTIONS:

- Set PopPod on stable surface and spread tripod legs apart
- To extend height, grasp rubber-tipped legs and gently pull outwards to attain full length
- To adjust camera angle, loosen locking lever found under ball head, rotate to desired position, and tighten lever
- Securely mount camera device onto universal 1/4"-20 mounting thread

Maximum Height: **7.3"** / Closed Height: **6.4"**

Maximum Load: **1.1 lbs.** / Weight: **2.9 oz.**
