Battery Level LED

**DIMENSIONS:** 24 mm Dia. (0.94 in)

97.5 mm Length (3.8 in)

22.9 mm Mounting Dia. (0.90 in)

**WEIGHT:** 76 grams (2.6 oz)

SPECIFICATIONS

## IMPORTANT SAFETY AND HANDLING INFORMATION

**WARNING:** Failure to follow these safety instructions could result in fire, electric shock, or other injury or damage to the Replay XD RePower 2200 battery or other property.

### Handling

The Replay XD RePower 2200 battery contains sensitive components. Do not drop, disassemble, open, crush, bend, deform, puncture, shred, microwave, incinerate, paint, or insert foreign objects into the Replay XD RePower 2200 battery. Do not use the Replay XD RePower 2200 battery if it has been damaged—for example, if Replay XD RePower 2200 battery is cracked, punctured, or damaged by water.

### Avoiding Wet Locations

Do not use the Replay XD RePower 2200 battery in rain, or near wash basins or other wet locations. Take care not to spill any food or liquid on the Replay XD RePower 2200 battery. In case the Replay XD RePower 2200 battery gets wet, turn off and unplug from camera before cleaning, and allow it to dry thoroughly before using again. Do not attempt to dry the Replay XD RePower 2200 battery with an external heat source, such as a microwave oven or hair dryer. Damage to the Replay XD RePower 2200 battery caused by contact with liquid is not covered under the warranty.

### Using Connectors and Ports

Never force a connector into a port. Check for obstructions on the port. If the connector and port don't join with reasonable ease, they probably don't match. Make sure that the connector matches the port and that you have positioned the connector correctly in relation to the port.

This symbol on the product or in the instructions means that your electrical and electronic equipment should be disposed at the end of its life separately from your household waste. There are separate collection systems for recycling in your country. For more information, please contact the local authority or your retailer where you purchased the product.

DISCLAIMER

### FCC Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

**Radio and TV Interference** This equipment has been tested and found to comply with the limits for a Class B digital device in accordance with the specifications in Part 15 of FCC rules. These specifications are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the manufacturer's instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/television technician for help.

The supplied interface cable must be used with the equipment in order to comply with the limits for a digital device pursuant to Subpart B of Part 15 of FCC Rules.

### Canadian ICES-003 Statement

This Class B digital apparatus complies with Canadian ICES-003.

### RoHS

This device complies with European Union's ROHS directive 2002/95/EC and similar regulations that may be adopted by other European countries for European Sales.

### CE Certified
