INTRODUCTION

Mission Statement

Here at SHARKK, the quality of our products and the satisfaction of our customers are the two greatest passions of our enterprise, as we endeavor to bring you top quality items at competitive prices.

GETTING STARTED

Box Content

- 1x Mini Bluetooth Speaker
- 1x Micro USB Charging Cable
- 1x AUX Cord
- 1x Carrying Pouch

Important!

Charge speaker for at least 2 hours before first use.

INSTRUCTIONS

Power Switch

This is the master power switch for your speaker.

Mode Button

Press to switch between Micro SD, AUX and Bluetooth. Micro SD is skipped if no card is inserted.

Play/Pause

Use to control playback and answer/end calls.

Indicator Light ●

- *Solid red:* speaker is off/charging.
- *Flashing red/blue:* Bluetooth pairing mode.
- *Flashing green/blue:* Bluetooth mode is active.
- *Flashing green (slow):* Micro SD mode.
- *Solid green:* AUX mode.

INSTRUCTIONS

AUX Mode

Press the **M** button (depending what mode your speaker is currently in, you may have to press it twice) until the indicator light is a solid green.

Connect your speaker to the media player using an AUX cord (included).

You can use the **-/+** buttons to adjust speaker volume and the **▶||** button to play/mute.

Micro SD Slot

To play media from a micro SD card, insert the card and then press the **M** button until the light is blinking green. Use **-/+** to navigate through the tracks on the card by pressing them normally. Press *and hold* the **-/+** buttons to adjust speaker volume.

To remove your card, push it farther in to the slot to activate the release mechanism.

INSTRUCTIONS

Bluetooth Mode

This is the default mode and your speaker will automatically enter bluetooth pairing mode 3 seconds after it is switched on. This is indicated by the indicator light flashing blue and red.

Search for “SHARKK” in the bluetooth settings of your media device and enter “0000” if prompted for a password. Once paired, your speaker will automatically be detected by that device in the future.

INSTRUCTIONS

Once established, a bluetooth connection will persist even while the speaker is in AUX or Micro SD mode.

Use the **-/+** buttons to navigate tracks by pressing them normally. Press *and hold* the **-/+** buttons to adjust speaker volume. Press **▶||** button to play/pause.

INSTRUCTIONS

While in bluetooth mode, your speaker can receive incoming calls. Press the ►|| button to answer the call and then again when you wish to end it. Press the ►|| button twice to redial.

When in pairing mode, if the speaker remains unpaired for 5 minutes the speaker will turn itself off automatically in order to preserve battery life.

INSTRUCTIONS

Safety and Proper Use

- Do not attempt to disassemble or replace any parts of the device as this may cause injury.
- Keep the device away from heat, fire or water.
- To ensure max battery capacity, charge for an additional 20 minutes after charging light goes out.
- Clean only with dry, soft cloth or with a minimally damp cloth free of any corrosive solvents or cleaning agents.
